

Happy Holidays from Children's Dentistry of Knoxville! 2011 has been an exciting year for us. As we close out this year, we wanted to share a big announcement (**WE ARE MOVING!!**) as well as wishing you all the best during this holiday season.

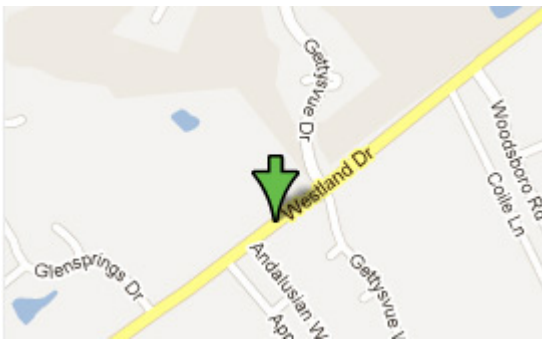

**9229 WESTLAND DRIVE**

Dr Darryl has had a very busy year taking care of his patients and overseeing the construction of our new office. We are very excited to announce that on **January 3** we will begin seeing patients at our new Westland Drive location.

This space features a spacious waiting room, ample parking, state of the art technology and some super cool kid friendly surprises that you'll have to see to believe.

We can't wait for you to come and enjoy this new space with us!

Our new location is very near our current location, on Westland Drive across from A.L. Lotts Elementary.

**REMEMBER:** IF YOU HAVE APPOINTMENTS SCHEDULED IN 2012, COME TO OUR NEW WESTLAND DRIVE LOCATION!

If you haven't made your appointments for 2012 yet, call **357-5560** today to schedule!

**PLEASE NOTE:** our last day at the Fox Road location will be Monday, December 19.

## **When is it time for my child to see Dr Britton?**

We have enjoyed welcoming Dr Britton (“Dr B”) to the practice and introducing him to you all throughout the year. We think that he is a great complement to our team and we all look forward to many years serving you together.

As a general dentist (i.e. permanent tooth expert), Dr. B brings outstanding skills to our practice, and we are very excited about all the new possibilities this provides for our patients, especially as they get older.

As your children grow, so will their comprehensive dental needs. Around age 8, children typically have close to ½ of their permanent (adult) teeth in place. This is an ideal time for them to begin transitioning their dental care to Dr B. If your child is close to age 8, our clinical staff will talk with you during your child’s appointment when they feel your child is ready to “graduate” to Dr B for their care.

As a pediatric dentist, Dr Darryl’s specialty is managing the dental needs of young children. As your child grows, their dental needs change and Dr B will be ready to provide the dental care they need. Dr B’s #1 goal is healthy teeth for all our patients and his passion is teaching older children how to build a foundation for a lifetime of good dental health.

In our new office Dr B’s clinical area has movies and music through Apple TV and it is designed to appeal to pre-teens and teenagers, so they’re sure to enjoy it!

---

MERRY

CHRISTMAS

At this special time of year we are thankful for many things, especially the gift of your friendship and loyalty. We would like to take this opportunity to thank you for providing us with the opportunity to serve you. We appreciate your trust and confidence in us and look forward to serving you in the years to come.

From everyone at our practice, we wish you and yours good health, happiness and prosperity this holiday season and for many years to come.
